2) Picture 2 will show, type in "Add this Web site to the zone" field the internet address of AGRONIX (as picture show) and click on Add button. The flag "Require server verification (https:) for all sites in this zone" must be blank as in picture 2. Confirm clicking on Ok button.

Pict. 2

3) Back to window of picture 1, click on "Custom level", a new window will appear.

In "Reset custom settings" click the security level for the whole zone in the **Reset To** box, and then click **Reset**. Under the section for which you want to customize security settings, click the option "Medium-low", click **OK**, and then click **OK** again.
